

Basically Ballet Studio

Basically Ballet Studio believes that we offer the best instruction in classical Ballet and Modern dance in Southern Ocean County. The best example of this is our students. It is said that a picture is worth a thousand words. That is why we believe that pictures of our students are the best example of the great training and wonderful atmosphere offered at Basically Ballet Studio.

Through the course of the years, parents have taken lots of pictures of our students, especially during Basically Ballet's Parent's Invitation Weeks. Our parents share many of the pictures that they take of our students, with us. We also, on occasion, may take pictures and/or video of our students for academic purposes. The photos are nothing short of adorable and perfect. That is why we would like to be able to use select photographs which may include you (adult student) and/or your child in the promotion of the excellent training available at Basically Ballet Studio.

We believe that the safety and security of our students are paramount. Though every student loves to smile for the camera, we will never use pictures which clearly show the face of any student under the age of 18. Nor will we show the face of any student over the age of 18 who expressly desires not to be clearly seen. The picture environment is also edited to make detection of features difficult without ruining the integrity of the picture.

Please read the statement below and fill out the permission slip regarding using your child's/your photograph in the promotion of the excellent training offered at Basically Ballet Studio.
